**Subject:** Development of a business website — package options

### 1. Package Options

Three complete packages. Each includes everything listed in the package before it, plus what's shown below. Select one.

| # | PACKAGE & SCOPE OF WORK                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   | AMOUNT (INR) |
|---|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------|
| 1 | <div><b>Starter</b></div> <div>A complete, custom-designed website — 5–6 pages.</div> <div><ul style="list-style-type: none"><li>Responsive website with custom UI/UX design</li><li>Home, About, Services plus 2–3 further pages</li><li>Basic projects portfolio and basic gallery</li><li>Contact page with WhatsApp and Maps integration</li><li>Basic enquiry form and basic on-page SEO</li><li>Security/SSL setup and deployment included</li><li>2 rounds of design revisions</li></ul></div>                                                                                                                                                     | 45,000       |
| 2 | <div><b>Business</b> RECOMMENDED</div> <div>Everything in Starter, built out to 8–10 pages with stronger SEO and lead capture.</div> <div><ul style="list-style-type: none"><li>Everything in Starter, plus:</li><li>8–10 pages, advanced portfolio with individual project detail pages</li><li>Full gallery/video section and testimonials</li><li>Advanced enquiry form and advanced SEO</li><li>Analytics and Search Console set up</li><li>Domain &amp; hosting setup, so the site goes live at your own address</li><li>Careers, Blog/News and a CMS/Admin panel available as optional add-ons</li><li>3 rounds of design revisions</li></ul></div> | 75,000       |

| # | PACKAGE & SCOPE OF WORK                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           | AMOUNT (INR) |
|---|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------|
| 3 | <b>Enterprise</b><br>Everything in Business, scaled to 12–15+ pages with premium design and a content-managed backend. <ul style="list-style-type: none"> <li>• <i>Everything in Business, plus:</i></li> <li>• 12–15+ pages with premium custom UI/UX design</li> <li>• Advanced portfolio built on a CMS, advanced gallery/video</li> <li>• Careers, Blog/News and CMS/Admin panel included (not optional)</li> <li>• Advanced performance optimisation pass</li> <li>• 4 rounds of design revisions</li> </ul> | 1,35,000     |

Prices are a starting proposal for this client — adjust to fit your market before sending. Domain & hosting setup covers connecting your domain and configuring hosting; domain registration and hosting fees themselves are billed separately, at cost.

## 2. Optional Add-ons

Priced separately. Layer onto any package above.

| # | ITEM                                                                                                                                    | AMOUNT (INR)  |
|---|-----------------------------------------------------------------------------------------------------------------------------------------|---------------|
| 1 | <b>Real project &amp; team photography</b><br>Your own photos placed into the project gallery and team section, replacing placeholders. | 1,500         |
| 2 | <b>Extra page</b><br>A dedicated page beyond the one-page layout — careers, a detailed service page, a blog index.                      | 2,000 / page  |
| 3 | <b>Arabic language version</b><br>Full Arabic translation with right-to-left layout, switchable from the main site.                     | 5,000         |
| 4 | <b>Monthly care plan</b><br>Content updates, backups and uptime monitoring, billed monthly.                                             | 1,200 / month |

## 3. Terms & Conditions

1. **Payment:** 50% advance to begin work; balance due on delivery, before the site goes live.
2. **Timeline:** Starter 10–12 days · Business 15–20 days · Enterprise 25–35 days, from the date content is received.
3. **Revisions:** 2 rounds included with Starter, 3 with Business, 4 with Enterprise, before final delivery.
4. **Validity:** This quotation is valid for 30 days from the date of issue shown above.
