Subject: Development of a business operations (ERP) system — package options

1. Package Options

Three complete systems. Each includes everything listed in the package before it, plus what's shown below. Select one.

#	PACKAGE & SCOPE OF WORK	AMOUNT (INR)
1	Starter One login. Everything currently tracked on paper or spreadsheets, moved into a single system. - Job tracker — log each job, assign a technician, move it through Quoted → In Progress → Completed - Stock list — current quantities on hand, manually adjusted as materials are used on a job - Invoicing — generate a PDF invoice per job, mark it paid or unpaid - Client records — one place for contact details and past job history per client - Single admin login, works on desktop and mobile browsers	35,000
2	Business RECOMMENDED Everything in Starter, opened up to your team with the numbers that tell you how the business is doing. - Everything in Starter, plus: - Logins for your team, with technicians seeing only their own jobs and admins seeing everything - Low-stock alerts and a supplier contact list attached to each material - Payment tracking — partial payments, due dates and an outstanding-balance view - Turn an accepted quote into a job in one click, carrying the pricing across automatically - A monthly dashboard — jobs completed, revenue, and your busiest clients at a glance	65,000

#	PACKAGE & SCOPE OF WORK	AMOUNT (INR)
3	Advanced Everything in Business, with the follow-ups automated and your own branding throughout. • <i>Everything in Business, plus:</i> • Automatic WhatsApp or email reminders for overdue payments and upcoming job dates • Exportable financial reports (CSV/PDF) formatted to hand to your accountant • Technician scheduling calendar that flags double-bookings before they happen • Your logo and brand colours on every invoice and quote the system generates • Hosted on your own domain with backups, plus 30 days of post-launch support	1,10,000

Prices are a starting proposal for this client — adjust to fit your market before sending.

2. Optional Add-ons

Priced separately. Layer onto any package above.

#	ITEM	AMOUNT (INR)
1	Extra staff login An additional team member account beyond what the package includes.	1,500 / login
2	Custom report or dashboard view A specific breakdown you need that isn't in the standard dashboard — e.g. profit per job type.	5,000
3	Data migration Your existing spreadsheets or paper records entered into the new system before launch.	4,000
4	Hosting & support plan Server hosting, backups and priority fixes, billed monthly.	3,000 / month

3. Terms & Conditions

1. **Payment:** 50% advance to begin work; balance due on delivery, before the system goes live.
2. **Timeline:** Starter 2–3 weeks · Business 4–5 weeks · Advanced 6–8 weeks, from the date requirements are confirmed.
3. **Revisions:** Two rounds of adjustments are included at every package before final delivery.
4. **Validity:** This quotation is valid for 30 days from the date of issue shown above.
